

Hi Ryan,

Attached are the regulations that we have to follow in the bowling center. As you can see, they are pretty similar to restaurant/bar guidelines. The most important part is obviously the mask wearing/ food & beverage. Masks must be worn above the nose even when seated and most importantly as well as bowling. Obviously, masks do not need to be worn while eating or drinking but at no time can we have anyone standing up or walking around with the mask down, even if they are eating or drinking. Our staff must enforce these rules and it is especially critical that everyone follows them since we are increasing our lane usage and everyone will be closer together but maintaining safety by the barriers.

Another thing I know we will get questions about- so just so you know. As you see, I put down about food needing to be at the table in order to receive alcohol. We are considering that "food" to be as simple as popcorn or a pretzel- so they do NOT have to buy a meal or entree if they do not want to (the whole table does not have to order their own food- one person can order food...it just needs to be present at the table). I will go over this in the meeting but, from my experience, the best way (and fastest) to get their alcohol to their table as their first round, is to order something that is already pre-made like a small popcorn-since if they order something like chicken tenders, we have to make that and can not bring out the drinks until that meal is prepared and delivered- so that could mean a possible 10-15 minute wait to get their first round of drinks. **As long as that popcorn cup stays at the lane, they can now continue to order alcohol and NOT have to keep ordering food (unless they run out of popcorn)** and of course can order more in depth food if they choose to.

Anywho, I'm sorry that was long winded. Times are crazy right now and I just want to make sure you know EVERYTHING before it starts and are prepared. If you have any questions about the mandates- I know it's a lot to take in, please text or call me :)

Thanks!
Candice
